

BI BI RAZA DEGREE COLLEGE FOR WOMEN

Bi Bi Raza Degree College for Women, Kalaburgi, was established in 1977. The college is recognized under Sections 2(f) and 12(B) of the University Grants Commission (UGC). It is a private institution managed by the Khaja Education Society. The college was founded with the objective of providing quality higher education to women in the region, with a special emphasis on women's empowerment through education. Its mission focuses on the holistic development of students through integrated academic, cultural, and social activities, while fostering a supportive and inclusive learning environment for students from diverse socioeconomic backgrounds. The institution also actively promotes scholarship opportunities and welfare schemes, particularly for students belonging to Scheduled Castes (SC), Scheduled Tribes (ST), and Other Backward Classes (OBC). At present, the college is affiliated with Karnataka State Women's University, Vijayapura, Karnataka, and has been accredited with an A+ grade by the National Assessment and Accreditation Council (NAAC), reflecting its satisfactory standards of educational quality.

KHAJA BANDANAWAZ UNIVERSITY

Khaja Bandanawaz University (KBNU) is a multidisciplinary private university established in 2018 under the Khaja Education Society, Kalaburagi, Karnataka. Inspired by the ideals of the great Sufi saint Hazrat Khaja Bandanawaz (Gesu Daraz), the University was established under the visionary leadership of the Founder Chancellor, Dr. Syed Shah Khusro Hussaini Sahab. Under the patronage of His Excellency the Chancellor, Dr. Syed Muhammad Ali Al-Hussaini and the stewardship of the Hon'ble Vice-Chancellor, Prof. Ali Raza Moosvi; the Hon'ble Campus Director, Dr. Syed Mustafa Al-Hussaini, and the Hon'ble Pro Vice-Chancellor, Prof. Syed Ashfaq Ahmed, the University is committed to promoting inclusive and value-based higher education. Khaja Bandanawaz University offers a wide range of undergraduate, postgraduate and doctoral programmes across various faculties, including Medicine, Engineering and Technology, Science, Languages, Arts, Humanities and Social Sciences, Commerce and Management, Law and Education. With a strong emphasis on research, innovation and skill development, the University encourages interdisciplinary learning aligned with national priorities. Equipped with well-developed infrastructure, modern laboratories, digital learning resources and experienced faculty, the University provides a vibrant academic environment. It places special emphasis on research, community engagement, women's education and the empowerment of students from diverse and marginalized backgrounds. Through academic excellence and research outreach, Khaja Bandanawaz University integrates modern scientific knowledge with high-quality teaching, research and extension activities to nurture responsible global citizens.

KARNATAKA SCIENCE AND TECHNOLOGY ACADEMY (KSTA)

The Karnataka Science and Technology Academy (KSTA), Bengaluru is a premier autonomous institution established by the Government of Karnataka to promote the advancement and dissemination of science and technology in the state. Functioning as a nodal agency, KSTA advises the government on scientific matters and policy formulation while fostering a strong scientific temper in society. The Academy actively supports research, innovation and capacity building through seminars, workshops, conferences, lectures and outreach programmes across diverse scientific disciplines. It also plays a crucial role in popularizing science among students, teachers and the general public by encouraging scientific curiosity and rational thinking. KSTA collaborates with universities, research institutions and industries to strengthen the science-society interface and to address regional and national developmental challenges. Through its initiatives, the Academy contributes significantly to scientific progress, human resource development and sustainable technological growth in Karnataka.

ABOUT THE CONFERENCE

The National Conference on Biological Sciences: Exploring the Wonders of Life – Advances in Science, Innovation and Sustainability stands as a distinguished academic forum dedicated to advancing our understanding of life sciences through cutting-edge research, innovative approaches and sustainable solutions. This national-level conference brings together a diverse community of scientists, researchers, academicians, healthcare professionals, technologists and policymakers to deliberate on emerging trends, challenges and opportunities across the biological sciences. The conference will feature a dynamic and inclusive programme designed to showcase recent breakthroughs in biological research, highlight transformative technologies and promote interdisciplinary and inter-institutional collaboration. Participants will have the opportunity to engage with eminent experts through keynote addresses, invited talks, technical sessions and poster presentations, fostering meaningful academic dialogue and knowledge exchange. This event will facilitate the presentation of novel discoveries and advancements across diverse biological domains; provide opportunities to explore and strengthen collaborative networks among academic institutions, research organizations and industry partners; and encourage the integration of science, innovation and sustainability in addressing global challenges. Join us as we celebrate the wonders of life, exchange visionary ideas and build lasting partnerships that contribute to scientific progress and societal well-being.
